

REMARKS

This communication and the attached Supplemental ADS are submitted in order to correct the PTO records regarding the claim to priority of the above-captioned application.

The present application was improperly filed using outdated forms for filing a CPA application. The application was mailed to the PTO on February 27, 2004, a date subsequent to the elimination of CPA practice. A petition was filed by the applicant to accord a filing date, as well as a Response to a Notice of Incomplete Nonprovisional Application. In the Office of Petitions' Decision mailed February 4, 2005, it is stated that "The Office properly processed the application as a 37 CFR 1.53(b) application." Accordingly, it is requested that the claim to priority identified in the attached ADS is proper and should be reflected in the PTO records.

If there are any fees in connection with this communication, the PTO is authorized to charge Deposit Account No. 12-1095 therefor.

In view of the above, it is respectfully requested that these amendments now be entered, and that prosecution on the merits of this application now be initiated. If, however, for any reason the Examiner does not believe such action can be taken, it is respectfully requested that he telephone Applicant's attorney at (908) 654-5000 in order to overcome any objections which he may have.

If there are any additional charges in connection with this requested amendment, the Examiner is authorized to charge
